

2023 TRAUMA

EDUCATIONAL OPPORTUNITIES

 **PARKVIEW**
ADULT TRAUMA CENTER

 **PARKVIEW**
PEDIATRIC TRAUMA CENTER

Introduction

Thank you all for your role in advancing the trauma system in our region. The last few years have been challenging on many fronts. Despite these challenging times, Parkview Adult and Pediatric Trauma Centers are continuing to move forward with trauma care performance improvement initiatives. Education is life-long, and we are constantly looking for educational opportunities to improve trauma care in our region. This guide includes numerous trauma related educational opportunities being offered in 2023.

Please take advantage of the numerous online educational activities in this guide. Thank you again for your service and we hope 2023 brings you good health, safety and happiness!

Raymond Cava, MD, FACS
Trauma Medical Director
Raymond.Cava@Parkview.com

Lisa Hollister, DNP, MSN, RN
Director, Trauma & Acute Surgery
Lisa.Hollister@Parkview.com

Christopher Scheumann, BSN, RN, NRP
Trauma Outreach Coordinator
Christopher.Scheumann@Parkview.com

On-Demand CME/CE/In-service Credit Available Online Now

31st Annual Parkview Trauma Symposium

The 31st Annual Trauma Symposium was held on May 11, 2022 in Fort Wayne, Indiana. This live event was captured on video and all the recordings are available for viewing at the links below. Category 1 CME, Nursing Contact Hours and EMS Inservice Credit is available after viewing the recording and submitting the post-evaluation. The continuing education credit will expire on May 31, 2023.

Anticipating the Unthinkable – The Sandy Hook Elementary School Shooting

Presented by Carly Posey | (1.0 CME/CE)

Recording Link: <https://bit.ly/3PHn8BD>

Evaluation Link: <https://bit.ly/3fA2XYt>

The Role of Extraglottic Airways

Presented by Dr. Darren Braude | (0.5 CME/CE)

Recording Link: <https://bit.ly/3MTNP47>

Evaluation Link: <https://bit.ly/3PMSDtL>

Preparing and Responding to Emergencies

Presented by Carly Posey | (0.5 CME/CE)

Recording Link: <https://bit.ly/3wUSmgU>

Evaluation Link: <https://bit.ly/3MXcjJB>

Oxygenation Strategies During Airway Management

Presented by Dr. Darren Braude | (0.5 CE/CME)

Recording Link: <https://bit.ly/3t0FeVt>

Evaluation Link: <https://v/bit.ly/3lMldhk>

The Aftermath of Sandy Hook

Presented by Carly Posey | (0.5 CE/CME)

Recording Link: <https://bit.ly/3al5mnN>

Evaluation Link: <https://bit.ly/3wT8NKJ>

Surgical Airway Management

Presented by Dr. Darren Braude | (0.5 CE/CME)

Recording Link: <https://bit.ly/3NIEDzF>

Evaluation Link: <https://bit.ly/3N7Rf36>

A Historical Look at a “Modern” Problem: Lessons Learned from Active Shooter Incidents: Using Memories of the Past to Plan for the Unimaginable in the Future

Presented by Dr. Howie Mell | (1.0 CE/CME)

Recording Link: <https://bit.ly/31NJpji>

Evaluation Link: <https://bit.ly/38VgNSf>

Coping with Chaos – 22,000 Victims in Vegas

Presented by Lidija Hurni | (0.5 CE/CME)

Recording Link: <https://bit.ly/3PLS9UT>

Evaluation Link: <https://bit.ly/3wNZxq6>

Mass Casualty Caregiver Stress and Coping

Presented by Lidija Hurni | (0.5 CE/CME)

Recording Link: <https://bit.ly/3wSPbXd>

Evaluation Link: <https://bit.ly/3wT6eIN>

How To Think Like A Fighter Pilot

Presented by Dr. Howie Mell | (0.5 CE/CME)

Recording Link: <https://bit.ly/31Rkiw4>

Evaluation Link: <https://bit.ly/3LO3i4t>

Parkview Health is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. No one involved in the educational content of this activity has any relevant financial interest with an ACCME-defined ineligible company. Criteria for successful completion includes attending entire event and completion of evaluation.

Parkview Hospital is accredited by the Indiana State Medical Association to provide continuing medical education for physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

10th Annual Child Maltreatment Symposium

Child Abuse Documentation

Presented by Roberta A. Hibbard, MD, Child Abuse Pediatrics, Riley Children's Health; Professor Emeritus of Pediatrics and Chief, Division of Child Protection Programs, Indiana University, School of Health Child Abuse Documentation | (1.0 CE/CME)

The recording is available to view online. EMS Inservice Credit, Nursing Contact Hours and Continuing Medical Education Credit is available by viewing the presentation then submitting the post activity evaluation.

Enduring Material Expiration Date: July 31, 2023 11:59 p.m.

Recording Link: <https://bit.ly/3yICVYT>

Evaluation Link: <https://bit.ly/3RM6PVd>

Trauma Grand Rounds June 2022

Venous Thromboembolism (VTE) Prophylaxis & Domestic Violence
Presented by William Beck, MD, PPG – Trauma and Acute Care Surgery | (1.0 CE/CME)

The recording is available to view online. EMS Inservice Credit, Nursing Contact Hours and Continuing Medical Education Credit is available by viewing the presentation then submitting the post activity evaluation.

Enduring Material Expiration Date: June 30, 2023 11:59 p.m.

Recording Link: <https://bit.ly/3yufwvs>

Post-Evaluation Link: <https://bit.ly/3NyTtbx>

Parkview Health is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. No one involved in the educational content of this activity has any relevant financial interest with an ACCME-defined ineligible company. Criteria for successful completion includes attending entire event and completion of evaluation.

Parkview Hospital is accredited by the Indiana State Medical Association to provide continuing medical education for physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Trauma Case Studies

CME/CE available for reviewing the case study and completing the short five-question post-test. These case studies are archived in the Trauma Outreach Education web page.

If you already have credentials to access this site, you can reach the site through the following link: bit.ly/3mAyxTR.

If you would like an invite to access the Trauma Outreach Education page or to begin receiving the monthly TRAUMA! eBLAST email, complete the form at the following link: bit.ly/3aw3A0z.

January 2022 | (0.5 CME/CE) | Expires January 31, 2023
Adult Stabbing with Cardiac Injury

February 2022 | (0.5 CME/CE) | Expires February 28, 2023
Adult GSW Traumatic Arrest

March 2022 | (0.5 CME/CE) | Expires March 31, 2023
Pediatric Motor Vehicle Crash with Blunt Abdominal Trauma

April 2022 | (0.5 CME/CE) | Expires April 30, 2023
Adult Stabbing with Evisceration

May 2022 | (0.5 CME/CE) | Expires May 31, 2023
Adult MVC with Multiple Trauma

June 2022 | (0.5 CME/CE) | Expires June 30, 2023
Adult Drowning with Cardiopulmonary Arrest

July 2022 | (0.5 CME/CE) | Expires July 31, 2023
Pediatric Rollover MVC with Multiple Trauma & Petroleum Burns

August 2022 | (0.5 CME/CE) | Expires August 31, 2023
Adult GSW with Bowel Injury

September 2022 | (0.5 CME/CE) | Expires September 30, 2023
Adult Grain Bin Storage Entrapment leading to
Cardiopulmonary Arrest

October 2022 | (0.5 CME/CE) | Expires October 31, 2023
Adult Rollover Motor Vehicle Crash with Diaphragm Rupture

November 2022 | (0.5 CME/CE) | Expires November 30, 2023
Pediatric Fall from Golf Cart with Traumatic Brain Injury

December 2022 | (0.5 CME/CE) | Expires December 31, 2023
Adult Hanging with Acute Hypoxic Encephalopathy

Parkview Health is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. No one involved in the educational content of this activity has any relevant financial interest with an ACCME-defined ineligible company. Criteria for successful completion includes attending entire event and completion of evaluation.

Parkview Hospital is accredited by the Indiana State Medical Association to provide continuing medical education for physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Educational recordings available on-demand at the Parkview Trauma Education YouTube page (no current CME/CE)

Prehospital/EMS

12 Lead Acquisition and Transmission for BLS – Kim Jarrett, NRP
<https://bit.ly/3GSo5F4>

Acute Ischemic Stroke Management – Fen-Lei Chang, MD
<https://bit.ly/3yGHqTy>

Airway Management for First Responders Part 1 – Tyler Christifulli, NRP, Jim DuCanto, MD, and Michael Brown, NRP
<https://bit.ly/38itgey>

Airway Management for First Responders Part 2 – Joshua Rookus, DO, Michael Brown, NRP, and Jay Curry, RN, NRP
<https://bit.ly/3ASzjWq>

American Heart Association Updates 2015 – Chris Scheumann, BSN, RN, CCRN, CEN, CPEN, CFRN, TCRN, NRP
<https://bit.ly/3yGHmTO>

Cold Weather Emergencies – Chris Scheumann, BSN, RN, CCRN, CEN, CPEN, CFRN, TCRN, NRP | <https://bit.ly/3J3DwJl>

CPR vs. CCR – Jeremy McKinley, NRP | <https://bit.ly/3E5gMVy>

External Hemorrhage Control – Tracy Rahall, MD
<https://bit.ly/3EoaKQ9>

Extracorporeal Membrane Oxygenation (ECMO) – Joseph Greenlee, MD
<https://bit.ly/3mjvYs6>

Femoral Fracture Care – Beth Burns, NP | <https://bit.ly/3skekbt>

Field Amputation – Jon Mansfield, NRP | <https://bit.ly/3GOeFHs>

Glucose Monitoring by BLS Providers – Jeremy McKinley, NRP
<https://bit.ly/3FdFMvc>

How Long do I Run This Code? – Sara Brown, MD
<https://bit.ly/3pbBtuG>

Hunting Injuries – Jacob Carlile | <https://bit.ly/3mjsA09>

Managing Eclampsia in the Field – Jenny Dougal, CNS
<https://bit.ly/3sil6ln>

Narcan Administration by BLS Providers – Sherri Sarrazin, NRP
<https://bit.ly/33yyIv2>

O2, Friend or Foe – Tracy Rahall, MD | <https://bit.ly/3seiliW>

Pediatric Resuscitation – Chris Scheumann, BSN, RN, CCRN,
CEN, CPEN, CFRN, TCRN, NRP | <https://bit.ly/3J78i46>

Pelvic Fracture Care – Beth Burns, NP | <https://bit.ly/3J78sZg>

Pit Crew Cardiac Arrest Management – Jeremy McKinley, NRP
<https://bit.ly/3FcIF0t>

Prehospital Trauma Case Studies: Celebrating 30 Years of
Samaritan – Jon Hoepfner, RN, CFRN, EMS-B
<https://bit.ly/3GVeha7>

Preventing Avoidable Complications in Trauma –
Mel Tucker, EMT-P | <https://bit.ly/3GWPiTT>

Sepsis Recognition and Care ALS – Sara Brown, MD
<https://bit.ly/3E5l6Ec>

Sepsis Recognition BLS – Sara Brown, MD | <https://bit.ly/32i5e3Y>

Spinal Immobilization Update – Sherri Sarazin, NRP
<https://bit.ly/3yGLYt6>

Surgical Airway Update – Chris Scheumann, BSN, RN, CCRN, CEN, CPEN, CFRN, TCRN, NRP | <https://bit.ly/3yJlGqk>
Tranexamic Acid (TXA) In Trauma – Tracy Rahall, MD
<https://bit.ly/3yIlqHZ>

Traumatic Brain Injury ALS – Chris Scheumann, BSN, RN, CCRN, CEN, CPEN, CFRN, TCRN, NRP | <https://bit.ly/3yGBolO>

Traumatic Brain Injury BLS – Chris Scheumann, BSN, RN, CCRN, CEN, CPEN, CFRN, TCRN, NRP | <https://bit.ly/33JNwXW>

Ventilation: Essential...but...Forgotten – Daniel Spaite, MD, FACEP
<https://bit.ly/32eGOIV>

Pediatric Trauma

Apneic Oxygenation During Pediatric Airway Management – Abby Massey, MD | <https://bit.ly/32ixYJO>

Blunt Abdominal Trauma: Updates on the Care of Pediatric Patients with Blunt Liver, Spleen and Pancreatic Injury – Meera Kotagal, MD, MPH | <https://bit.ly/2Kox6uL>

Bus Safety - Pedestrian Struck Case Study – Tracy Rahall, MD; Dustin Peterson, MD, FACS; Jason Heisler, DO; Stephanie Falatko, DO; Jayesh Patel, MD, FAAP; and Lauren Quandt, MSN, RN, CEN, TCRN | <https://bit.ly/2KNlaTi>

Button Battery Ingestion – Brad Warner, DO
<https://bit.ly/3p8Y3UD>

Case Studies in Injury Prevention Failure – Dawn Daniels, PhD, RN, PHCNS-BC | <https://bit.ly/3e8lViy>

Challenging Case Studies from a Level I Pediatric Trauma Center – Rebecca Cook, RN, DNP, CNP-PC | <https://bit.ly/3qdB0r6>

Communication with Suicidal Adolescents – Connie Kerrigan, RN
<https://bit.ly/3FedL6v>

Concussions in the Pediatric Population – Walter Jacobsen, DO

<https://bit.ly/3p9qbqM>

Donors that Almost Weren't – Rich Amos, RN, and Dave Mattox, RN

<https://bit.ly/323pqad>

Emerging Neurosurgical Topics and Pediatric Specific Assessment –

James Dozier, MD, ABNS | <https://bit.ly/3mAa9BJ>

Lawn Mower Injuries in Children – Jason Heisler, DO

<https://bit.ly/3qdBuxq>

Leading Topics in Severe Pediatric Trauma Care –

Michael McGonigal, MD, FACS | <https://bit.ly/3GVhKp9>

Management of Pediatric Thoracic Trauma – Rebecca Brown, MD,

FACS, FAAP | <https://bit.ly/2KbsOqD>

Major Orthopedic Injuries in Children who are Improperly
Restrained During a Motor Vehicle Crash – Jason Heisler, DO

<https://bit.ly/3EfjXoS>

Ouchless ED: Latest Strategies and Devices – Abby Massey, MD

<https://bit.ly/3skjOCU>

PECARN: Traumatic Brain Injury Prediction Rules for Children –

Walter Jacobsen, DO | <https://bit.ly/3FecVqq>

Pediatric Blunt Abdominal Trauma – Janette Holub, MD, MPH

<https://bit.ly/33Cs1YV>

Pediatric Burns in the Setting of Trauma – Debbie Herrell, MSN,

RN | <https://bit.ly/3e60D7w>

Pediatric Concussions – Abby Massey, MD | <https://bit.ly/3e5jeRt>

Pediatric Drowning Management – Jayesh Patel, MD, FAAP

<https://bit.ly/3Fdyckc>

Pediatric Facial Trauma – Albert Morrison, MD

<https://bit.ly/3J3y09j>

Pediatric First Impressions – Susan Wade, MSN, RN, CPN, CCRN
<https://bit.ly/3J7e9q6>

Pediatric Massive Transfusion Protocol: A Process Improvement Journey – Dawn Daniels, PhD, RN, PHCNS-BC
<https://bit.ly/3yOISED>

Pediatric Pelvic and Femur Fractures – Jason Heisler, DO
<https://bit.ly/3Fdyho0>

Pediatric Sedation and Pain Management – Lesley Doughty, MD
<https://bit.ly/3p9l5uC>

Pediatric Skeletal Trauma – Sai Yarram, MD | <https://bit.ly/3J3iTnh>

Pediatric Solid Organ Injury Management – Carey Watson, MD
<https://bit.ly/32rmKTi>

Pediatric TBI – James Dozier, MD | <https://bit.ly/3q7I8oV>

Pediatric Trauma Resuscitation – Abby Massey, MD
<https://bit.ly/30GiTRY>

Post-Traumatic Stress Disorder in Children – April Barker-Casey, MSW, LSW | <https://bit.ly/3GTSSOw>

Safe Haven Baby Law – Monica Kelsey, EMT-P
<https://bit.ly/3yIgakLL>

SBIRT: Screening, Brief Intervention and Referral to Treatment in Children – Lynn Haas, MSN, RN, CNP | <https://bit.ly/3GV3Rr0>

Severe Pediatric Traumatic Brain Injury – Chris Scheumann, BSN, RN, CCRN, CEN, CPEN, CFRN, TCRN, NRP
<https://bit.ly/3FiLZ9f>

Solid Organ Injury in Children – Rebecca Cook, RN, DNP, CNP-PC | <https://bit.ly/3Eg9TR7>

Sports Injuries in Children – David Conner, MD

<https://bit.ly/3EoklXb>

Staying Afloat: Childhood Drowning Prevention – Chris

Scheumann, BSN, RN, CCRN, CEN, CPEN, CFRN, TCRN, NRP

<https://bit.ly/3e9uLyV>

Use of CT Imaging in Pediatric Population – Richard Falcone, MD,

MPH | <https://bit.ly/3J10WyN>

Trauma Recovery: We've Got You Covered – Sarah Hendrickson, M.Ed.

<https://bit.ly/3yFnrEE>

Vision-threatening Injuries – Barb Schroeder, MD

<https://bit.ly/3eaemdL>

Vital Signs in Children – Susan Wade, MSN, RN, CPN, CCRN

<https://bit.ly/3soAzgn>

Child Maltreatment

Abuse Reporting 101 – Michelle Savieo, MS, MSW, LSW

<https://bit.ly/3sghm0t>

Abusive Head Trauma in Children – Jayesh Patel, MD, FAAP

<https://bit.ly/33JU7Sc>

ACE (Adverse Childhood Experiences-predict risk factors for child

abuse), SEEK (Safe Environment for Every Kid) – Robert Shapiro, MD

<https://bit.ly/30FMWJt>

Allen County Abuse Statistics. Where do we go from here? –

Deborah McMahan, MD | <https://bit.ly/3paziHT>

Aspects of Bullying/Peer Aggression – Sandy Runkle, MSW, LSW

<https://bit.ly/3FcrkDH>

Child Abuse – Jayesh Patel, MD, FAAP | <https://bit.ly/3sfXzy9>

Child Abuse Studies In Acute Care – Abby Massey, MD

<https://bit.ly/3yGJlaE>

Child Maltreatment, A Year in Review – Lauren Quandt, MSN, RN, TCRN, CEN | <https://bit.ly/3yFU05B>

Childhood Trauma: An Overview – Sarah Giaquinta, MD, MPH
<https://bit.ly/3FbZSpr>

Communication with Children Who Report Abuse – Connie Hazelrigg, MD | <https://bit.ly/3yHoBQa>

Department of Children Services: Their Vision – Chad Smith and Joseph Sims | <https://bit.ly/3FdDv36>

Guided Question and Answer Session with Allen County Department of Child Services – Alexys Vosmeier, Amanda Herendeen and Lauren Quandt, MSN, RN, TCRN, CEN
<https://bit.ly/3EcrnOg>

Healthier Moms and Babies – Paige Wilkins | <https://bit.ly/328XTnH>

Identification of Child Abuse from a Dental Perspective – Shannon Thompson, MD, FAACP | <https://bit.ly/3sfY6QF>

Indiana's Scope of the Problem – Roberta Hibbard, MD
<https://bit.ly/3FejsBp>

Local Child Abuse Case Study – Kellie Girardot, MSN, RN, AGCNS | <https://bit.ly/33J3y4l>

Mandatory Reporting and Case Studies – Judge Charles F. Pratt
<https://bit.ly/3e7fVsR>

Mandatory Reporting of Child Abuse and Neglect – Judge Charles F. Pratt | <https://bit.ly/3sgirW5>

Protecting Children and Preserving Families through Community Resources – Rachel Tobin-Smith, MSW, LCSW
<https://bit.ly/3E5skrS>

SBS/AHT and Infant Physical Abuse Prevention: The Period of PURPLE Crying® Program – Chelsea Naughton
<https://bit.ly/3mlAztJ>

The Role of Play and Emotional Expression in Maltreatment Cases – Molly Ayers, BS, CCLS, and Cassidy Ball, BS, CCLS
<https://bit.ly/32kMssU>

The Social, Mental, Physical and Intellectual Benefits of Children Attending School – Tony GiaQuinta, MD | <https://bit.ly/328VTM4>

A System Approach to Child Maltreatment – The Path Forward” – Lauren Quandt, MSN-RN, CEN, TCRN and Lisa Hollister, DNP, MSN-RN, LSSBB
<https://bit.ly/3GNThFl>

Understanding the Perpetrators – Stephen Ross, PsyD, HSPP, ABPP
<https://bit.ly/3pbvpSZ>

Geriatric Trauma

Delirium in the Hip Fracture Patient – Venkata Kureti, MD
<https://bit.ly/3e7gu5X>

Elder Law - What Healthcare Professionals Need to Know – Troy Kiefer, JD | <https://bit.ly/3yHQDeb>

Fall Prevention – Kelly Voltz, PT, PT, CSRS, CBIS, and Jennifer Ferguson, MOT, OTR/L | <https://bit.ly/3Jl2DfD>

Fall Risk and Aging: What about Medications? – Katharine Lundy, PharmD | <https://bit.ly/3J5DS24>

How Theory Informs Our Understanding of Suicide in Older Adults - Charity Smith, PhD | <https://bit.ly/3pdGX5r>

Parkview Geriatric EMS Initiatives – Jay Curry, RN, NRP
<https://bit.ly/3J0TbsP>

Planning for End of Life Wishes – Chris Brinneman MSW, LCSW
<https://bit.ly/3pa841l>

Prevention of Respiratory Complications in the Geriatric Trauma Patient: Early Warning Signs – Joseph Muller, MD
<https://bit.ly/3pa9USw>

The Beer's Criteria: Medication Assessment in Geriatric Patients – Leslie Siegel, PharmD | <https://bit.ly/3h6PwMv>

Trauma in the Elderly – Annika Storey, DO | <https://bit.ly/328Z06R>

Trauma Medical Home – Malaz Boustani, MD MPH
<https://bit.ly/3sgizLD>

Bleeding and Shock

Advancements in Damage Control Resuscitation:
Thrombelastography and Platelet Aggregometry – Scott Thomas, MD, FACS | <https://bit.ly/30I0u7j>

Cardiogenic Shock – Dawood Dalaly, DO | <https://bit.ly/33Jape5>

Cardiogenic Shock in Trauma – Michael McGonigal, MD FACS
<https://bit.ly/3sgBLT2>

Cutting Edge Trauma Resuscitation – Jonathan Morrison, PhD, FRCS
<https://bit.ly/3J2Pse6>

Damage Control Resuscitation – Lawrence Lottenberg, MD, FACS
<https://bit.ly/3e7ol3C>

DIC and Massive Transfusion – Sarah Hoepfner, MSN, RN, TCRN, CCRN | <https://bit.ly/32cBIwx>

Endovascular Resuscitation – Jonathan Morrison, PhD, FRCS
<https://bit.ly/3mkQ0SZ>

Goal Directed, Whole Blood Trauma Resuscitation – Scott Thomas, MD, FACS | <https://bit.ly/3GVbFjk>

Hemorrhage Control – Kellie Girardot, MSN, RN, AGCNS
<https://bit.ly/3e9EqWc>

Junctional Trauma – Jonathan Morrison, PhD, FRCS
<https://bit.ly/3yL2lj4>

Local and Systemic Hemostatic Agents Update – Lawrence Lottenberg, MD, FACS | <https://bit.ly/3mlrojX>

Managing Complex Injuries – Michelle Laughlin, MD
<https://bit.ly/3pHLO8t>

Modernization of Angioembolization vs Surgery – Michael McGonigal, MD, FACS | <https://bit.ly/3IZUAjg>

Penetrating Neck Injuries – Kenji Inaba, MD, FRCSC, FACS
<https://bit.ly/3yH6qKe>

Selective Surgical Treatment in Penetrating Injury – Kenji Inaba, MD, FRCSC, FACS | <https://bit.ly/3qahCLH>

Stop the Bleed – Michael McGonigal, MD, FACS
<https://bit.ly/3H1t7Mr>

Stop that Bleed! – Tracy Rahall, MD | <https://bit.ly/32hB3tU>

The Cutting Edge of Penetrating Injury Management – Richard Dutton, MD, MBA | <https://bit.ly/3mjNEDY>

Thromboelastography – Lawrence Lottenberg, MD, FACS
<https://bit.ly/3p9Buze>

TXA Cage Match: Opposing Views on Tranexamic Acid in Trauma – Lawrence Lottenberg, MD, FACS, and Tracy Rahall, MD
<https://bit.ly/33NIScj>

Mass Casualty

Case Studies in Disaster Management – Lawrence Lottenberg, MD FACS | <https://bit.ly/3E6LFZz>

Disaster Management Case Studies – Lawrence Lottenberg, MD FACS | <https://bit.ly/3mj4rXw>

Hazardous Weather Panel – Martin Bender, Kennie Berg, Jonathan Conder and Curtis Smith | <https://bit.ly/32IH0FS>

Indiana State Fair Stage Collapse Review – Susan Barney, RN
<https://bit.ly/30FC7Hk>

Joplin Tornadoes Presentation: St. John's Hospital Experience – W.C. Dandridge, Jr., MD, MBA, FACS, CPE, CHCQM
<https://bit.ly/3qbr8hF>

Mass Casualty Incidents and Local Initiatives – Lawrence Lottenberg, MD, FACS | <https://bit.ly/3Fh2676>

Route 91 Festival Tragedy Opening – Josh Mayes, NRP; Eric Kordick; Debbie Bowerman, RN; Ralph King; Grant Sparks; Jared Johnson; John Neil, NRP; and Danny Ybarra | <https://bit.ly/3q7S41W>

Route 91 Festival Tragedy Station 18 – Josh Mayes, NRP; Eric Kordick; Debbie Bowerman, RN; Ralph King; Grant Sparks; Jared Johnson; John Neil, NRP; and Danny Ybarra | <https://bit.ly/3qajW5n>

Route 91 Festival Tragedy Sunrise Hospital – Debbie Bowerman, RN
<https://bit.ly/3yIGcar>

Route 91 Festival Tragedy The Aftermath – Josh Mayes, NRP; Eric Kordick; Debbie Bowerman, RN; Ralph King; Grant Sparks; Jared Johnson; John Neil, NRP; and Danny Ybarra | <https://bit.ly/32iU9zw>

The Influence of 9-11 On Mass Casualty – Kellie Girardot, MSN, RN, AGCNS; Lauren Quandt, MSN, RN, TCRN, CEN; and Dustin Peterson, MD, FACS | <https://bit.ly/3yFme0l>

Neurological Trauma

Cerebral Sinus Thrombus in the Trauma Patient – Stephanie Falatko, DO | <https://bit.ly/33yrAie>

Head Injury Management – Jason Voorhies, MD
<https://bit.ly/3GUAVzq>

Management of Coagulopathy with TBI – Michael McGonigal, MD, FACS | <https://bit.ly/3EfotZc>

Neurointervention in Trauma – Amit Sanghvi, MD
<https://bit.ly/3shWgif>

Rehabilitation in the Spinal Cord Injured Population – Sharon David, MD, FAAPMR | <https://bit.ly/3pcQvk2>

TBI and Delirium: Untangling the Web – Kellie Girardot, MSN, RN, AGCNS | <https://bit.ly/3paPEQD>

The Brain Dead Patient – Emil Weber, MD | <https://bit.ly/3p8viYo>

Treating the Brain Dead Patient – Rich Amos, CPTC
<https://bit.ly/3qdyill>

Vertigo in Trauma – Kellie Girardot, MSN, RN, AGCNS; Michele Kadenko-Monirian, MSN, RN, CNS, CCRN, CNRN; and Robinson Coville, COTA/PTA | <https://bit.ly/3skBBdl>

Orthopedic Trauma

Modernization of Rib Fracture Management – Lawrence Lottenberg, MD, FACS | <https://bit.ly/3q9prBs>

Orthopedic Trauma – Jason Heisler, DO | <https://bit.ly/3yGq60Z>

Pelvic Ring Injuries – James Danias, DO | <https://bit.ly/3p9VVfm>

Surgical Rib Fixation – Lawrence Lottenberg, MD, FACS
<https://bit.ly/3Ea808Q>

The Future of Spinal Fusion – Walter Jacobsen, DO
<https://bit.ly/3qdJSgm>

The Mangled Extremity – Jason Heisler, DO | <https://bit.ly/3eaoCm6>

Traumatic Below-elbow Amputation Case Study – Brooke O’Steen, OTR | <https://bit.ly/3e9O3Ek>

Traumatic Below-knee Amputation Case Study – Shawn Brown, CPO, LPO | <https://bit.ly/3e9NKtb>

Twenty-five Years of Ortho Implants – Jason Heisler, DO
<https://bit.ly/3paR3al>

Trauma Team

Decision Making in Extremis – Michael Lauria, BA, NRP, FP-C
<https://bit.ly/3p7ekJP>

Human Performance Under Stress – Michael Lauria, BA, NRP, FP-C | <https://bit.ly/3Ff4VW6>

Rural Trauma Team Development – Tom Dykstra, MD
<https://bit.ly/3yLcmCi>

Trauma Lessons Learned on the Battlefield – Michael Lauria, BA, NRP, FP-C | <https://bit.ly/3J13ltn>

Trauma Team Dynamics – Dustin Peterson, MD, MPH
<https://bit.ly/3J7vQ90>

Miscellaneous

Abdominal Compartment Syndrome – Annika Storey, DO
<https://bit.ly/3Eg6amK>

ABG Interpretation and Understanding Ventilation Needs for Critical Care Patients – Linsey Riegle, MD | <https://bit.ly/32ol39y>

A Positive Patient Story – Phil and Emilie Reinoehl
<https://bit.ly/3yFD9Qm>

Chest Tubes – Beth Burns, NP | <https://bit.ly/3UBiVXU>

Crush Injuries – Raymond Cava, MD, FACS | <https://bit.ly/3yFH9QE>

Delirium and Antipsychotics – Sarah Meeks, PharmD
<https://bit.ly/3J66rfR>

Distracted Driving Risk – Lisa Hollister, DNP, MSN, RN, LSSBB
<https://bit.ly/3H4u9Yl>

Drowning and Hypothermia – Chris Scheumann, BSN, RN, CCRN, CEN, CPEN, CFRN, TCRN, NRP | <https://bit.ly/32iLOMC>
DVT and PE Thrombosis in Trauma Patients – Lawrence Lottenberg, MD, FACS | <https://bit.ly/3J4VpaC>

ECMO in the Trauma Patient – Joseph Greenlee, MD
<https://bit.ly/3J3WOhv>

Extracorporeal Membrane Oxygenation (ECMO) – Joseph Greenlee, MD

Trauma Simulation

This realistic training experience utilizes high-fidelity adult and pediatric human patient simulators to practice trauma care under controlled conditions without lives being at stake. The focus is on teamwork, as well as clinical trauma care. The training takes place *live* at Parkview Trauma Centers. Training occurs in one-hour intervals that include debriefing:

Dates/Times: January 12, April 13, July 13 and October 12; Times TBD

Contact Kellie Girardot at Kellie.Girardot@parkview.com for more information.

Pediatric Trauma Simulation at Cincinnati Children's Hospital

This training is offered at the simulation lab at Cincinnati Children's Hospital. Multidisciplinary teams of providers are invited to travel to this tremendous educational venue.

Dates/Times: TBD

Contact Lisa Hollister at 260-266-1270 or Lisa.Hollister@parkview.com for more information.

Prehospital Skills Workshops 2023

These monthly workshops are designed to enable prehospital providers to maintain and enhance their hands-on techniques and knowledge. High-fidelity human patient simulators are utilized to enhance critical thinking through clinical skills. Providers of all levels are invited.

- Patient assessment and management
- Basic airway and ventilatory management
- Advanced airway and ventilatory management
- Spinal immobilization
- Orthopedic splinting
- Bleeding and shock management
- Cardiac arrest management
- Medication administration
- Communications

Contact Lisa Hollister at Lisa.Hollister@parkview.com for more information.

Trauma Center Education

Trauma Academy

Overview of trauma nursing across the continuum of care, from injury prevention through reintegration to home. This course will prepare new nurses to be trauma nurses, as well as prepare experienced nurses to take the Trauma Certified Registered Nurse (TCRN®) examination.

Dates/Times: TBD

Contact Lisa Hollister at Lisa.Hollister@parkview.com for more information.

Parkview Trauma Care Observation Program

This ongoing visitation experience provides opportunities for trauma care providers to observe patient care in the emergency care center, operating room, trauma intensive care unit, trauma clinic and other acute care areas.

Contact Lisa Hollister at Lisa.Hollister@parkview.com for more information.

Trauma Grand Rounds

This educational offering occurs at various times of the year. Level I Trauma Team activations from the previous month are reviewed, as well as additional trauma-related educational topics.

Contact Lisa Hollister at Lisa.Hollister@parkview.com for more information.

Outreach Courses

Most courses are *free* and presented at your facility or at the Parkview Adult Trauma Center and Parkview Pediatric Trauma Center. These courses can be tailored to your specific needs.

Contact Lisa Hollister at Lisa.Hollister@parkview.com to schedule a training date.

Severe Pelvic Trauma

This presentation is designed to provide education to clinical providers related to injury to the pelvic ring. Focus is on recognition of this injury, along with treatment options such as pelvic binding techniques and resuscitation.

Field Trauma Triage

This presentation is designed for prehospital providers, with a focus on developing a solid understanding of the Centers for Disease Control and Prevention's Field Triage Guidelines. Real-life scenarios provide the opportunity for the provider to critically think through destination and transportation issues related to the injured patient.

Stop that Bleed!

This presentation focuses on the hemorrhaging injured patient, including bleeding control techniques, fluid and blood resuscitation and coagulopathy. The material covered in this presentation empowers the provider with strategies for management of these complex patients.

Outreach Courses (cont.)

Geriatric Trauma

The geriatric population in the United States is growing at a rapid rate. Although the elderly are less likely to be injured than their younger counterparts, if they are injured, they are more likely to experience a negative outcome. This presentation focuses on the anatomical and physiological changes that occur with aging, and how these changes affect the injured patient. Techniques to improve clinical outcomes are discussed and practiced in scenario-based simulations.

Difficult Airway Roadshow — Lessons Learned in the Cadaver Lab

This course is designed for providers directly or indirectly involved in advanced airway management. Focus is on recognizing the difficult airway and optimizing intubation success. Includes review of evidence-based techniques, confirmed in both the real-life setting and experiences in the cadaver lab.

Difficult Airway Roadshow

This course is designed for providers at all levels, especially those who provide or assist with advanced airway management. Topics include optimizing bag-valve-mask ventilation, intubation, recognition of difficult airways, alternative airways and rapid-sequence intubation.

Pediatric Airway Management

This course is for providers who are directly or indirectly involved in airway management for children under age 14. Focus is on recognizing the differences in pediatric airway management and interactively applying these principles to real-life practice.

Rapid-sequence Intubation and Rapid-sequence Airway

This course is intended for providers who perform airway management utilizing pharmacological assistance. Focus is on preparation, optimizing success and prevention of negative outcomes related to these procedures.

Waveform Quantitative Capnography: Beyond Tube Confirmation

This course is designed for providers utilizing capnography, and explores the many uses of the patient-monitoring device. Focus is on waveform analysis, relevance of the numerical reading and common pitfalls related to its use.

Inside the Trauma System

This presentation gives an inside view of the trauma system, from EMS response to rehab and everything in-between.

Adult Trauma Tactics for the EMT — Basic

This course is designed for all EMS personnel and teaches current adult trauma care standards. Heavy emphasis is placed on the ABCDE assessment and care model.

Adult Trauma Tactics for the EMT — Advanced

This course includes basic adult trauma tactics with the additional topic of current fluid resuscitation standards in trauma care.

Adult Trauma Tactics for the EMT — Paramedic

This course includes all of the basic and advanced adult trauma tactics, as well as paramedic skill-related topics that include advanced airway management and advanced pneumothoraces management.

Adult Trauma Tactics for the Registered Nurse

This course is designed for emergency care nurses who encounter trauma patients with minor to major injuries on a not-so-frequent basis. Current standards established by the American College of Surgeons are reviewed. Topics include: initial assessment and management, airway and ventilatory management, shock, thoracic trauma, abdominal and pelvic trauma, head trauma, spine and spinal cord trauma, musculoskeletal trauma, thermal injuries, geriatric trauma, trauma during pregnancy and transfer to definitive care.

Outreach Courses (cont.)

Pediatric Trauma Tactics for the EMT – Basic

This course is designed for all EMS personnel and teaches current pediatric trauma care standards. Heavy emphasis is placed on the ABCDE assessment and care model.

Pediatric Trauma Tactics for the EMT – Advanced

This course includes basic pediatric trauma tactics with the additional topic of current fluid resuscitation standards in trauma care.

Pediatric Trauma Tactics for the EMT – Paramedic

This course includes basic and advanced pediatric trauma tactics, as well as paramedic skill-related topics that include advanced pediatric airway management and pneumothoraces management.

Pediatric Trauma Tactics for the Registered Nurse

This course is designed for emergency nurses who encounter pediatric trauma patients on a not-so-frequent basis. Current standards established by the American College of Surgeons are reviewed. Topics include: unique characteristics of pediatric patients, airway evaluation and management, breathing evaluation and management, circulation and shock evaluation and management, chest trauma, abdominal trauma, head trauma, spinal cord injury, musculoskeletal trauma and caring for abused children.

Rural Trauma Team Development Course (RTTDC)

This course was developed by the ad hoc Rural Trauma Committee of the American College of Surgeons Committee on Trauma to help rural hospitals develop their trauma teams. The course is designed to improve quality of care in the community by developing a timely, organized, rational response to the care of trauma patients, as well as a team approach that addresses the common problems in initial assessment and stabilization of the injured patient.

Farm Trauma Tactics for the EMS Provider

This course is designed to educate the EMS provider on common dangers and injuries associated with the farming industry. Topics include: the mechanics of extrication, extrication tools, tractors, combines, agricultural equipment, grain and silage storage facility rescues and animal-related incidents.

Individual Case Studies

Review aspects of trauma cases from your own facility: prehospital assessment findings and treatments, trauma center course of treatment, patient progression to rehabilitation and overall outcomes.

Opportunities Offered by Parkview Samaritan

Parkview Samaritan Scene Safety Training

This course prepares all prehospital and hospital providers to set up a safe landing zone, secure your hospital helipad and identify patient care considerations for flight requests.

Contact Staci Gilbert at 260-266-3542 or Staci.Gilbert@parkview.com to set up your department's individual safety training program.

Parkview Samaritan Custom In-services

Parkview Samaritan offers a wide variety of non-certification in-service opportunities.

Contact Staci Gilbert at 260-266-3542 or Staci.Gilbert@parkview.com or Matt Braun at Matthew.Braun@parkview.com for more information.

Program for Emergency Communicators

Parkview Samaritan Dispatch Center Operations has developed an informative training session for emergency communicators, 9-1-1 dispatchers, emergency room nurses and hospital unit secretaries. These individuals play a critical part in requesting an air medical, or mobile intensive care unit. The goal is to reduce response times and discuss what goes on behind the scenes when a request is made for rapid transport. Topics include: benefits of air and ground transport, when to request an aircraft or mobile intensive care unit, landing zone information, safety and inter-facility or scene transports.

Contact Chad Owen at 260-266-3540 or Chad.Owen@parkview.com or Roman Arnold at 260-266-3513 or Roman.Arnold@parkview.com for more information.

Traumatic Brain Injury (TBI) Course

Offered by Parkview Samaritan to area EMS providers, this course is designed to encourage the optimal management of traumatically brain-injured patients in the prehospital environment. This course is for all levels of prehospital providers and is taught at your facility.

Contact Chad Owen at 260-266-3540 or Chad.Owen@parkview.com for more information.

2023 Conferences

6th Annual Northeast Indiana Foot and Ankle Symposium

Feb. 4 | 7 a.m. – 5 p.m.

Parkview Mirro Center for Research and Innovation

To register or receive more information, contact Cathy Ballou
at 260-266-1450 or Cathy.Ballou@parkview.com.

32nd Annual Trauma Symposium

May 18 | 7:30 a.m. – 4 p.m.

Ceruti's Banquet and Event Center

6601 Innovation Blvd., Fort Wayne, IN 46818

To register or receive more information, contact Courtney Wortman
at 260-266-1270 or Courtney.Wortman@parkview.com.

Certification Courses

Advanced Trauma Life Support (ATLS) Hybrid Provider Course

This course is a trauma team-teaching, interactive learning experience designed for physicians and advanced practice providers who care for injured patients. The course will provide the learner with common trauma knowledge and an organized, systemic team approach for the evaluation and management of the seriously injured by using scenario-based interactive learning. In addition, emergent life-saving surgical skills are acquired through a five-step training method using high-fidelity simulation mannequins.

Date/Time: February 3

Contact Sarah Hoepfner at 260-266-1272
or Sarah.Hoepfner@parkview.com.

Prehospital Trauma Life Support (PHTLS)

Offered by Parkview Samaritan to area EMS providers. Designed for the prehospital provider, the course stresses the need to treat multi-system trauma patients as unique cases with specific needs. PHTLS courses follow the principles of care for trauma patients as developed by the American College of Surgeons Committee on Trauma. Course is taught at your location.

Contact Matt Braun at Matt.Braun@parkview.com for more information.

Emergency Medical Technician (EMT)

Offered by Parkview. Contact Chad Owen at 260-266-3540 or Chad.Owen@parkview.com for more information.

Advanced Cardiac Life Support for the Experienced Provider (ACLS-EP)

This course is designed for current ACLS providers who have taken the core provider course and have renewed at least three times since their initial certification. The course includes renewal of standard ACLS, and a focus on topics such as: ACS, NSTEMI, unstable angina, toxicology in emergency cardiovascular care, hypothermia, drowning, life-threatening asthma, anaphylaxis, trauma, cardiac arrest in pregnancy, electrocution and life-threatening electrolyte and acid-base abnormalities.

For Course Registration, dates and location contact Tina Sellars at Tina.Sellars@parkview.com or Kyan DiVita at Kyan.Divita@parkview.com or Denise Kelley at Denise.Kelley@parkview.com.

Trauma Nursing Core Course (TNCC) Provider Course

Sponsored by the Emergency Nurses Association (ENA)

This course provides basic trauma education and psychomotor skills. The trauma nursing process is used to standardize the approach to trauma care and is reflected in the course manual and the skills stations.

Cost: \$300, includes the course textbook.

Jan. 12 – 13 | Live Virtual Course

Feb. 16 – 17 | Lutheran Education Center

March 9 – 10 | Live Virtual Course

May 18 – 19 | Parkview Regional Medical Center

July 20 – 21 | Parkview Regional Medical Center

Oct. 19 – 20 | Parkview Regional Medical Center

Dec. 14 – 15 | Parkview Regional Medical Center

Course Director: Melissa Komrska

For information about the course, contact Melissa Komrska at gandmkomrska@yahoo.com.

Certification Courses (cont.)

Emergency Nursing Pediatric Course (ENPC) Provider Course

Sponsored by the Emergency Nurses Association (ENA)

This course is designed to provide core-level pediatric knowledge and psychomotor skills needed to care for pediatric patients in an emergency setting. The course presents a systematic assessment model, integrating the associated anatomy, physiology and pathophysiology to identify appropriate interventions.

Cost: \$300, includes the course textbook.

April 27 – 28 | Lutheran Education Center

June 15 – 16 | Lutheran Education Center

Aug. 3 – 4 | Lutheran Education Center

Oct. 20 – 21 | Lutheran Education Center

Nov. 30 – Dec. 1 | Lutheran Education Center

Course Director: Melissa Komrska

For questions regarding class content, contact Melissa Komrska at gandmkomrska@yahoo.com.

Advanced Trauma Course for Nurses (ATCN) Student Course

Sponsored by the Society of Trauma Nurses (STN)

This course is taught concurrently with the Advanced Trauma Life Support (ATLS) course for physicians. The advanced trauma course is designed for nurses working in the emergency department, intensive care, medical flight and EMS, as well as the operating room.

Dates: May 17 and Sept. 6

To register or receive more information, contact Chris Scheumann at 260-446-4682 or Christopher.Scheumann@parkview.com.

American Heart Association Courses

Basic Life Support (BLS), Advanced Cardiac Life Support (ACLS) Provider Course and Pediatric Advanced Life Support (PALS) Provider Courses

Please complete the online portion of the course at shopCPR.heart.org. Please note, a fee is required. Any questions on reimbursement should be directed to “your agency.”

Upon completion of the online program, please print your online certificate and then bring to the skills testing and/or the Mega Code. Email the following to schedule skills testing/Mega Code to Denise.Kelley@parkview.com or Amanda.Fox@parkview.com.

Neonatal Resuscitation Program (NRP)

Please contact Nicole.Reichard@parkview.com or NRP@parkview.com.

You will receive an email response with dates, times and locations to complete required skills testing and/or Mega Code. After completion of the skills testing and/or Mega code an AHA eCard will be issued.

Trauma Prevention

We all want a safe and healthy community. With this commitment driving our mission, Parkview is home to the region's first verified adult and pediatric trauma centers. The Parkview Adult and Pediatric Trauma Centers treat more than 2,300 trauma patients each year. And while we strive to provide each patient with expert trauma care to set the stage for the best possible outcomes, we also take an active role in preventing new traumas through a range of injury prevention programs. Information on those programs is provided here for your use. We hope you'll help us spread the word to other community members that these Parkview resources are available.

Parkview Safety Store

Parkview offers a wide range of safety-related items and discount prices at the Parkview Safety Store.

Items include:

- Fitting and selling helmets (\$10)
Sale during the months of November and December (\$8)
- Bicycle safety equipment
- Personal safety equipment
- Fall prevention items
- Road safety equipment
- Don't Text & Drive merchandise
- Share the Road merchandise

Parkview Safety Store
1818 Carew St., Suite 140
Fort Wayne, IN 46805

The store is open every Tuesday (except holidays) from 10 a.m. – 1 p.m. and 4 – 7 p.m.

Don't Text & Drive

Texting while driving is a major concern, both in our community and nationwide. Parkview Trauma Centers have been encouraging drivers for years not to text and drive through an awareness campaign that garnered international attention in 2013.

For more information, or to schedule a presentation, call 260-266-1289. Visit donttextdrive.com for more information.

Bike Helmet Safety

FREE large-group presentations or displays on the importance of bike helmet safety are available. These presentations are complete with a melon-drop demonstration that shows children why helmet use is so important. The presentation is geared to children ages 3 to 14.

To schedule a presentation, or display for your group, call 260-266-1289.

Car Seat Inspection

Parkview Health provides free car seat safety inspections by appointment and at various events. Call 260-373-9650 for more information.

Trauma Prevention (cont.)

Driver Rehabilitation

When medical conditions, effects of aging and other factors erode a person's ability to safely operate a vehicle, Parkview Outpatient Therapy's Driver Rehabilitation program can help. Occupational therapists who are certified driver rehab specialists evaluate each person's physical condition and cognition, provide on-the-road driving assessments and make recommendations for any education, equipment or other resources needed. These may include driving aids, behind-the-wheel training, vehicle modification and alternative transportation. The goal is to help older adults (and others affected by acute medical conditions or disabilities) retain their driving skills – and independence. For more information on the Driver Rehabilitation program, call 260-373-3202.

Don't Drink and Drive

Free presentations or displays are offered to your group or event. The presentations offer a personal life story related to a drunk-driving death. The very powerful presentation is known for capturing the attention of even restless teens. "Fatal vision" glasses are also available for participants, so they can safely experience what they would feel when driving drunk with impaired vision. To schedule a presentation, call 260-266-1289.

Child Maltreatment Team

Parkview established a Child Maltreatment Team that is ready at a moment's notice when maltreatment is suspected. This team includes physicians, nurses, social workers, child life specialists and chaplains that review the care of suspicious pediatric injury cases.

For more information, contact the child maltreatment coordinator at 260-428-2397 or Emily.Park@parkview.com.

Safe Sleep

In recent years, SIDS (Sudden Infant Death Syndrome) has been linked to unsafe sleep practices such as babies sleeping in bed with their parents and accidental suffocation from inappropriate bedding. Parkview Family Birthing Centers throughout our region are dedicated to educating parents-to-be on the hazards of unsafe sleep practices and how to avoid unsafe habits. Since the implementation of the Safe Sleep program, Parkview Health has given out more than 3,000 cribs to families in our region who need a safe place for their child to sleep.

For more information on the program and qualifying for a free crib, call 260-373-6900.

Fall Prevention

Many older adults restrict their activities because they're concerned about the possibility of falling. *A Matter of Balance* is an award-winning program designed to help seniors manage falls and increase their activity levels. Parkview Health offers an eight-session *A Matter of Balance* workshop to help attendees reduce falls and the fear of falling. The program emphasizes practical strategies such as eliminating tripping hazards at home. For more information, call 260-266-1289.

A Matter of Balance: Managing Concerns about Falls, Volunteer Lay Leader Model

STOP THE BLEED®

The purpose of the STOP THE BLEED® campaign is to make our nation more resilient by better preparing the public to save lives if people nearby are severely bleeding. This preparation is being done by raising awareness and teaching people how to learn three quick actions to control serious bleeding.

Through our STOP THE BLEED course, you'll gain the ability to recognize life-threatening bleeding and intervene effectively. The person next to a bleeding victim may be the one who's most likely to save him or her. Take the course and become empowered to make a life or death difference when a bleeding emergency occurs. STOP THE BLEED. Save a Life!

The course is available in person or hybrid, with a separate skills portion in person. For more information or to schedule a course, call 260-266-1289.
